

Food drive

The School Council arranged for a food drive to collect food for people who need help in our community.

On Monday 16th May **all** the children in school brought donations of food which the School Council packed into bags. We filled 7 bags for life. Mrs Fagan then took the donations to **Food 4 U** at The Venue in Stanley.

Local people can use vouchers to collect food from our local food bank when they need it most. Each person is given food that will last them for three days.

Our food donations weighed 48.62 kg

This will feed 6 people for three days.

What an *amazing* thing the School Council and the families of South Stanley Infant and Nursery School have achieved.

We are VERY proud and thankful for everyone's efforts.
