

We want your ideas!

At our February meeting we decided lots of important things we would like to do next, such as another litter pick and trying to help people who are homeless. We also thought there must be lots more we could be doing, so we sent a letter to all the grown ups to ask what they think the School Council should be thinking about.

1st February 2016

Dear Grown Ups and Parents,

We are the School Council. We do a lot of things to help people in our school. We have done a litter pick and we made a school newspaper. We are going to do a food charity event to help people who are homeless and hungry. We try to make our school even better!

We want to ask you if there is anything YOU think we should do to help our school. Please support us and send us a letter back to tell us your ideas.

Thank you.

From The School Council

We are looking forward to hearing back from them!

If you think of something the School Council could be doing PLEASE tell us, and we will get to work!
